To the Nevada Acupuncture Board:

On July 28, 2011, Accusation No. 1A-2010-112 was filed before the California Acupuncture Board, citing a failure to maintain adequate and accurate records relating to the services I provided to a patient.

The disciplinary order required me to enroll in a medical record-keeping course within 60 days of the decision.

I successfully completed the required "Medical Record Keeping Seminar" within the specified timeframe and submitted the Certification of Completion to the California Acupuncture Board.

Since March 15, 2012, I have diligently and accurately recorded patients' problem-focused physical findings and documented Chinese herbal remedies using "Pinyin" instead of Chinese characters. Additionally, I have implemented an electronic patient record-keeping system to ensure the maintenance of adequate and accurate records for all services provided to my patients.

Please see attached case file

Thank you for considering my application for a Nevada acupuncture license.

Sincerely,
