Shawn Reedy - SERTC

9h · 🌐

Words can't even begin to express the gratitude my family, especially my son Alex Reedy has for the men in this photo. These are 18 firefighters from Clark County, NV who have been here with us at SERTC since last Monday taking their hazmat technician training. Several of these guys are Eagle Scouts and when they heard about Alex working on his eagle project, they took up a collection to donate to the cause. Generous isn't the right word but it's all I can think of. He was blown away (as were Missy and I) from this generous donation and he is so so very grateful to these gentlemen whom he had never even met before tonight. Thanks for everything fellas, tonight will forever be one of those core memories for him and us alike.
