

2025 IMAC / EMAC Deployment Report

In the past year the following requests and deployments have occurred using IMAS, EMAC or State-to-State compacts.

State-to-State compacts:

Jan. 2025 – NDF and CalFire activated agreement for Wildfire support to Palisades Fire. S. Nevada sent 4 – Type 1 engines, 1 – Type 1 Water tender, Mechanic, Agency Rep, Engine Boss, and 3 Transport vehicles to assist.

Aug. 2025 – OEM responded to Arizona under the State-to-State agreement for flooding with 2 personnel to assist in the State EOC and County EOC affected by heavy flooding in Gila County, AZ.

EMAC:

Nevada worked on submitting three requests to EMAC to support other states; however, none were accepted.

Texas – Kerrville Flood July 2025 – Worked to submit an offer for a swift water rescue team request. However, before the offer could be finalized for submission, FEMA activated NVTF-1 to respond. No request submitted.

Alaska – Flooding Oct. 2025 – Submitted an offer for a PIO to assist in the State EOC. Offer was not accepted.

Washington – Flooding Dec. 2025 – Submitted an offer for Swift Water Rescue team. Offer was not accepted.

IMAS:

No IMAS deployments were requested for 2025.

IMAS Resource Reporting per NRS 414A.120(4)(a)

As of 31 DEC 2025, 8 of 17 counties, and 1 city have submitted a list of deployable resources.
