Mission

The Nevada Office of Cyber Defense Coordination serves as the primary focal point for cyber security strategy, policy, planning, and coordination for all entities in the State of Nevada.

Current Programs:

- Bi-weekly Nevada focused cyberthreat intelligence briefing
- Incident Response plan repository
- Incident Response coordination with the Governor's office and Nevada chapters of the National Guard

Plans:

- Coordinated assistance services
- Resiliency and defense planning
- Ways to achieve efficiencies of scale across entities
- Training
