

Are you Prepared for Spring Flooding?

How does this impact you?

The National Weather Service is predicting Northern Nevada could see flooding in the Spring and Summer months (May – July) due to the amount of snow in the mountains.

The flooding could cause transportation impacts across all of Northern NV. You may have challenges getting medications, food, water, fuel and medical supplies or equipment.

Please be aware **there may be delays of up to TWO (2) WEEKS** in getting medications, food, water, fuel and medical supplies or equipment.

Please work with your friends and family to develop an emergency plan in the event that your family is isolated for up to 2 weeks.

Want to stay informed? Sign up to Receive Emergency Alerts

Residents of Carson City are encouraged to sign up for **CodeRED**, a FREE emergency notification service provided to all residents which will notify you of emergency information through phone calls, text messages, emails, social media and the CodeRED Mobile Alert app. To sign up go to <http://www.carson.org/alerts>.

A Backyard Checklist to Help Prevent Mosquitos

With a record-breaking wet winter, mosquitos will be a challenge this year. Please help us prevent mosquitos by taking these simple steps!

- Empty tin cans, buckets, or other containers after rain.
- Either clean or drain swimming pools and hot tubs.
- Drain swimming pool, boat and other outdoor covers.
- Change water in birdbaths and fountains at least once a week.
- Unclog rain gutters.
- Flush sump pump pits weekly.
- Clean vegetation and debris away from pond edges.
- Dump out any children toys that can collect water.
